BOISSONS DU CAMEROUN EQUIPS SAINT FRANÇOIS HOSPITAL IN KRIBI WITH A STATE-OF-THE-ART DIGITAL RADIOLOGY DETECTOR AND RELATED EQUIPMENT

True to its commitment as a responsible corporate citizen and its vision "*Creating a world we shall be proud to belong*", **Boissons du Cameroun** strengthens its support for the healthcare sector by providing Saint François Hospital in Kribi with a latest-generation digital radiology detector, along with the following equipment:

- A Canon Pixma inkjet printer
- An HP Envy laptop
- Four (04) boxes of black Dye ink-BK
- A pack of digital radiology film
- A POWER X1 Rack UPS, 1 kVA
- A Legrand multi-socket extension cord

The total value of this donation amounts to **15,000,000 FCFA**.

This digital equipment, which replaces the old analog system, now enables exam results to be obtained in just a few seconds. It contributes to faster diagnosis, reduced waiting times, and a significant improvement in patient care.

Beyond the material donation, **Boissons du Cameroun** ensures proper handling of the equipment: user training was provided by **SIMAK DISTRIBUTION**, the supplier of the device. Two hospital staff members have already been trained.

The installation of the digital detector has been completed, and the entire system has been operational since November 21, 2025. The official handover will take place on Wednesday, **December 17, 2025**.

According to **Stéphane DESCAYEAUD** Managing Director of **Boissons du Cameroun** and Subsidiaries: "*This donation fully aligns with our vision: creating a world we'll be proud to belong to, and reflects our commitment to concretely contribute to improving healthcare infrastructure in Cameroon. We are proud to support Saint François Hospital in its mission to serve the population and to reinforce, through this gesture, our civic and solidarity engagement.*"

About Boissons du Cameroun

As a responsible corporate citizen, **Boissons du Cameroun** is committed to supporting communities by strengthening healthcare infrastructure and improving the well-being of populations. Alongside this commitment, we also deliver quality products with a complete range that includes beers, soft drinks, mixed alcoholic beverages, energy drinks, and two premium natural mineral water brands : **Source Tangui** and **Eau Vitale**.
